

Employee Handbook

WELCOME TO
LAFFERTY ELECTRIC TECHNOLOGIES, LLC

Lafferty Electric Technologies, LLC has prepared this handbook to provide you with an overview of the Company policies, benefits, and rules. It is intended to familiarize you with important information about the company, as well as provide guidelines for your employment experience with us in an effort to foster a safe and healthy work environment. Please understand that this booklet only highlights company policies, practices, and benefits for your personal understanding and cannot, therefore, be construed as a legal document. It is intended to provide general information about the policies, benefits, and regulations governing the employees of the company, and is not intended to be an express or implied contract. The guidelines presented in this handbook are not intended to be a substitute for sound management, judgment, and discretion.

It is obviously not possible to anticipate every situation that may arise in the workplace or to provide information that answers every possible question. In addition, circumstances will undoubtedly require that policies, practices, and benefits described in this handbook change from time to time. Accordingly, Lafferty Electric Technologies reserves the right to modify, supplement, rescind, or revise any provision of this handbook from time to time as it deems necessary or appropriate in its sole discretion with or without notice to you.

No business is free from day-to-day problems, but we believe our personnel policies and practices will help resolve such problems. All of us must work together to make the company a viable, healthy, and profitable organization. This is the only way we can provide a satisfactory working environment that promotes genuine concern and respect for others including all employees and our customers. If any statements in this handbook are not clear to you, please contact the Company President or his designated representative for clarification. This handbook supersedes any and all prior policies, procedures, and handbooks of the company.

COMPANY PHILOSOPHY

OPEN-DOOR POLICY

In keeping with Lafferty Electric Technologies, LLC's philosophy of open communication, all employees have the right and are encouraged to speak freely with management about their job-related concerns.

We urge you to go directly to your supervisor to discuss your job-related ideas, recommendations, concerns and other issues which are important to you. If, after talking with your supervisor, you feel the need for additional discussion, you are encouraged to speak with the Company President.

The most important relationship you will develop at Lafferty Electric Technologies, LLC will be between you and your supervisor. However, should you need support from someone other than your supervisor, the entire management team, including the Company President, is committed to resolving your individual concerns in a timely and appropriate manner.

EQUAL EMPLOYMENT OPPORTUNITY

It is the policy of Lafferty Electric Technologies to provide equal employment opportunity to all employees and applicants for employment and not to discriminate on any basis prohibited by law, including race, color, sex, age, religion, national origin, disability, marital status or veteran status. It is our intent and desire that equal employment opportunities will be provided in employment, recruitment, selection, compensation, benefits, promotion, demotion, layoff, termination and all other terms and conditions of employment. The President of the company and all managerial personnel are committed to this policy and its enforcement.

Employees are directed to bring any violation of this policy to the immediate attention of their supervisor or the Company President. Any employee who violates this policy or knowingly retaliates against an employee reporting or complaining of a violation of this policy shall be subject to immediate disciplinary action, up to and including discharge. Complaints brought under this policy will be promptly investigated and handled with due regard for the privacy and respect of all involved.

HARASSMENT POLICY

Lafferty Electric Technologies will not tolerate harassment or intimidation of our employees on any basis prohibited by law, including race, color, sex, age, religion, national origin, handicap, disability, marital status, or veteran status. Moreover, any suggestions made to any employee that sexual favors will affect any term or condition of employment with Lafferty Electric Technologies will not be tolerated. It is the policy of Lafferty Electric Technologies that any harassment, including acts creating a hostile work environment or any other discriminatory acts directed against our employees, will result in discipline, up to and including discharge. Lafferty Electric Technologies also will not tolerate any such harassment of our employees by our clients or vendors.

For purposes of this policy, sexual harassment is defined as any type of sexually-oriented conduct, whether intentional or not, that is unwelcome and has the purpose or effect of creating a work environment that is hostile, offensive or coercive. The following are examples of conduct that, depending upon the circumstances, may constitute sexual harassment:

- Unwelcome sexual jokes, language, epithets, advances or propositions;
- Written or oral abuse of a sexual nature, sexually degrading or vulgar words to describe an individual;
- The display of sexually suggestive objects, pictures, posters or cartoons;
- Unwelcome comments about an individual's body;
- Asking questions about sexual conduct;
- Unwelcome touching, leering, whistling, brushing against the body, or suggestive, insulting or obscene comments or gestures;
- Demanding sexual favors in exchange for favorable reviews, assignments, promotions, or continued employment, or promises of the same.

Employees must bring any violation of this policy to the immediate attention of their supervisor or the company president. Lafferty Electric Technologies will thoroughly investigate all such claims with due regard for the privacy of the individuals involved. Any employee who knowingly retaliates against an employee who has reported workplace harassment or discrimination shall be subject to immediate disciplinary action, up to and including discharge.

WORKING AND COMPENSATION

EMPLOYMENT ON AN AT-WILL BASIS

All employees of Lafferty Electric Technologies, regardless of their classification or position, are employed on an at-will basis. This means that each employee's employment is terminable at the will of the employee or Lafferty Electric Technologies at any time, with or without cause and with or without notice. No officer, agent, representative, or employee of Lafferty Electric Technologies has any authority to enter into any agreement with any employee or applicant for employment on other than on an at-will basis. Furthermore, nothing contained in the policies, procedures, handbooks, manuals, job descriptions, application for employment, or any other document of Lafferty Electric Technologies shall in any way create an express or implied contract of employment or an employment relationship on other than an at-will basis.

ATTENDANCE AND REPORTING TO WORK

Each employee is important to the overall success of our operation. When you are not here, someone else must do your job. Consequently, you are expected to report to work on time at the scheduled start of the workday. Reporting to work on time means that you are ready to start work, not just arriving at work, at your scheduled starting time.

Lafferty Electric Technologies depends on its employees to be at work at the times and locations scheduled. Excessive absenteeism and/or tardiness will lead to disciplinary action, up to and including termination. The determination of excessive absenteeism will be made at the discretion of Lafferty Electric Technologies. Absence from work for three consecutive days without properly notifying your supervisor will be considered a voluntary resignation. After two days' absence, you may be required to provide documentation from your physician to support an injury- or illness-related absence, and to ensure that you may safely return to work.

If you expect to be absent from the job for an approved reason, you should notify your supervisor of your upcoming absence as far in advance as possible. If you unexpectedly need to be absent from or late to work, you must notify your supervisor prior to the start of your scheduled workday that you will be late or absent and provide the reason for that absence or tardiness. If your supervisor is not available, you should contact the main office prior to the start of your scheduled workday. Leave your number so that your supervisor can return your call. Failure to properly contact us will result in an unexcused absence for disciplinary purposes. Your attendance record is a part of your overall performance rating. Your attendance may be included during your review and may be considered for other disciplinary action up to and including termination.

Where possible, medical and dental appointments should be scheduled around your assigned work hours; otherwise, they may be considered absences without pay. If you are unable to schedule an appointment before or after your shift, you are required to talk to your supervisor to make special arrangements.

WORKDAY HOURS AND SCHEDULING

The regularly scheduled workday for our business office is: Monday through Friday, 9:00 a.m. - 5:00 p.m. The usual expected workday at jobsites is dependent upon seasonal sunrises and sunsets. Your supervisor will dictate start and end times accordingly. These start and end times are only guidelines, however, and employees are required to be present for work during the workday established for them by their supervisors or by the Company President.

Particularly at jobsites, this schedule may vary depending on such factors as weather, materials supply, permit approval, etc. If you are unsure about expected starting times on any particular job assignment, ask your supervisor for clarification.

In case of unplanned conditions, such as bad weather, that may force a schedule change at the last minute, you should contact your supervisor or call the office directly.

Lafferty Electric Technologies does not generally schedule rest periods or breaks, other than meal breaks, during the workday. For lunch or meals, our policy is:

- Field employee meals will be 30 minutes.
- Office employee meals will be 1 hour.
- The meal period is unpaid.

RECORDING HOURS WORKED

All hourly employees are required to keep a time sheet. On your time sheet, you must correctly record the time spent on each job number for each day worked. Lafferty Electric Technologies will provide you with a time sheet for reporting your hours. **Only you are authorized to record your own time.**

Completed time sheets are due in the office no later than 4:00 p.m. on the Monday following the end of a pay period. Failure to turn in time sheets by this deadline may delay your paycheck for that week.

Pay Period and Payday

Lafferty Electric Technologies issues paychecks each Friday, on a weekly basis. Pay periods start on Sunday morning and end on Saturday evening. Therefore, each Friday, you will receive a paycheck for all hours worked in the pay period ending the previous Saturday evening. All employees are required to have direct deposit into his/her bank of choice. In an instance where an employee does not have a bank account, an alternative will be offered.

WORKWEEK & OVERTIME

Lafferty Electric Technologies' workweek begins on Sunday at 12:01 a.m. and ends on Saturday at 12:00 midnight.

Occasionally it may be necessary for an employee to work beyond his or her normal workday hours. Overtime pay is paid only when work is scheduled, approved, and made known to you in advance by your supervisor. Under no circumstances shall an employee work overtime without the prior approval of his or her supervisor.

Hourly employees will receive overtime pay at a rate of one-and-one-half times their regular hourly rate for all hours worked in excess of 40 in a workweek. On jobs that pertain to certified payroll, there is an alternative overtime schedule.

HOLIDAYS

Lafferty Electric Technologies observes the following holidays as scheduled time off only:

- New Year's Day
- Memorial Day
- Fourth of July
- Labor Day
- Thanksgiving / Thanksgiving Friday
- Christmas

MAINTAINING YOUR PERSONNEL RECORDS

It is your responsibility to provide current information regarding your address, telephone number, change in dependents, marital status, etc. Please use the appropriate forms to note any changes in your address, phone number, emergency contact information, marital status, number of dependents, etc. Changes in exemptions for tax purposes will only be made upon the receipt of a completed W-4 form.

PERSONNEL FILES

Employee personnel files are the property of Lafferty Electric Technologies, and do not belong to the employee. However, upon request, Lafferty Electric Technologies will provide employees with copies of performance evaluations and other performance-related documents that the employee has previously received.

PERFORMANCE EVALUATIONS

Employees may have their job performance reviewed on an annual basis by either their supervisor or by the President of the Company.

STANDARDS AND EXPECTATIONS FOR THE WORKPLACE

SAFETY

Lafferty Electric Technologies believes in maintaining safe and healthy working conditions for our employees. To achieve our goal of providing a safe workplace, each employee must be safety conscious. We have established the following policies and procedures that allow us to provide safe and healthy working conditions. We expect each employee to follow these policies and procedures, to act safely, and to report unsafe conditions to his/her supervisor in a timely manner.

Reporting Unsafe Conditions or Practices

Employees are expected to continually be on the lookout for unsafe working conditions or practices. If you observe an unsafe condition, you should warn others, if possible, and report that condition to your supervisor immediately. If you have a question regarding the safety of your workplace and practices, ask your supervisor for clarification.

If you observe a coworker using an unsafe practice, you are expected to mention this to the coworker and to your supervisor. Likewise, if a coworker brings to your attention an unsafe practice you may be using, please thank the coworker and make any necessary adjustments to what you are doing. Safety at work is a team effort.

Maintaining a Safe Worksite

We expect employees to establish and maintain a safe worksite. This includes but is **not limited to** the following applications:

- Maintaining proper fall-protection systems.
- Building and maintaining walkways, handrails, and guardrails.
- Properly lifting and lowering heavy objects.
- Inspecting tools and equipment for defects before use.
- Keeping walkways clear of debris.
- Construction and use of safe scaffolding.
- Inspecting, cleaning, and properly storing tools and equipment after use.
- Following established safety rules.

Using Safety Equipment

Where needed, Lafferty Electric Technologies provides its employees with appropriate safety equipment and devices. You are required to use the equipment provided in the manner designated as proper and safe by the manufacturer. Failure to properly use safety equipment may lead to disciplinary action, up to and including termination.

If you require safety equipment that has not been provided, contact your supervisor before performing the job duty for which you need the safety equipment.

Reporting an Injury

Employees are required to report any injury, accident, or safety hazard immediately to their supervisor. Minor cuts or abrasions must be treated on the spot. More serious injuries or accidents will be treated accordingly. Serious injuries must be reported on the injury or accident report form available in the office.

Hazard Communications

If you believe that you are dealing with a hazardous material and lack the appropriate information and/or safety equipment, contact your supervisor immediately.

CARE OF EQUIPMENT AND SUPPLIES

All employees are expected to take care of all equipment and supplies provided to them. You are responsible for maintaining this material in proper working condition and for promptly reporting any unsafe or improper functioning of this material to your supervisor.

Neglect, theft, and/or destruction of the company's materials are grounds for disciplinary action, up to and including termination.

SMOKING AT THE WORKPLACE

Lafferty Electric Technologies' policy is to provide smoke-free environments for our employees, customers, and the general public. Smoking of any kind is prohibited inside our office and on our worksites. Employees may smoke on scheduled breaks or during meal times, as long as they do so outside the jobsite or office. Employees who take excessive smoke breaks may be required to work longer hours to make up for time lost smoking.

Employees are also responsible to inform all those working on our job sites of this smoke-free policy, and report to their supervisor any violation of this policy.

VIOLENCE AND WEAPONS

Lafferty Electric Technologies believes in maintaining a safe and healthy workplace, in part by promoting open, friendly, and supportive working relationships among all employees. Violence or threats of violence have no place in our business. Violence is not an effective solution to any problem. Employees are strictly prohibited from bringing any weapons, including knives, pistols, rifles, stun guns, mace, etc., to the jobsite or office. Neither threats of violence nor fighting will be tolerated. Furthermore, if you have a problem that is creating stress or otherwise making you agitated, you are encouraged to discuss it with your supervisor.

You are expected to immediately report to your supervisor any violation of this policy. Any employee found threatening another employee, fighting, and/or carrying weapons to the worksite will be subject to disciplinary action, up to and including termination.

DRUG-FREE WORKPLACE

Lafferty Electric Technologies does not tolerate the presence of illegal drugs or the illegal use of legal drugs in our workplace. The use, possession, distribution, or sale of controlled substances such as drugs or alcohol, or being under the influence of such controlled substances is strictly prohibited while on duty, while on Lafferty Electric Technologies' premises or worksites, or while operating Lafferty Electric Technologies' equipment or vehicles. The use of illegal drugs as well as the illegal use of legal drugs is a threat to us all because it promotes problems with safety, customer service, productivity, and our ability to survive and prosper as a business. If you need to take a prescription drug that affects your ability to perform your job duties, you are required to discuss possible accommodations with your supervisor. Violation of this policy will result in disciplinary action, up to and including termination.

Prior to employment, each potential employee must undergo a drug test. Lafferty Electric Technologies may also require employees to take random drug tests during their employment with the company. A positive result on any such drug test is grounds for immediate termination.

Your receipt of this policy statement and signature on the handbook acknowledgment form signify your agreement to comply with this policy.

Any employee who is convicted of violating criminal drug statutes must notify an appropriate officer or senior official of Lafferty Electric Technologies of that conviction within five days of the conviction. Failure to do so may lead to disciplinary action.

RESPONDING TO CUSTOMER INQUIRIES AND PROBLEMS

At Lafferty Electric Technologies, client satisfaction is the measure of our success. It is the responsibility of each employee, within reason, to interact with the client to achieve this goal.

APPEARANCE AND DRESS

To present a business-like, professional image to our customers and the public, all employees are required to wear appropriate clothing on the job. By necessity, the dress standards for the business office are somewhat different than for jobsites.

- **For the business office:** casual to business-style dress is appropriate. Employees should be neatly groomed and clothes should be clean and in good repair. Leisure clothes such as cut-offs or halter tops are not acceptable attire for the business office.

- **For jobsites:** employees are required to wear work clothes appropriate for work to be done. Lafferty Electric Technologies will provide employees with shirts in lime green for safety bearing the Company's logo, which employees are **required** to wear on the jobsite. Employees should be sensitive to the location and context of their work and should be ready to adjust their dress if the circumstances so warrant (e.g., sweatshirts in lime green for safety during colder weather). Employees at a jobsite are required to wear clothing that protects their safety (hard hats, safety glasses, and steel-toed shoes, for example) and wear clothing in such a way as to be safe (e.g., shirts tucked in when working around machinery).

- The following are provided to jobsite employees and are required to be worn:
 - T-shirts (short-sleeved) – bearing Company logo, lime green for safety
 - T-shirts (long-sleeved) – bearing Company logo, lime green for safety
 - Sweatshirts (non-hooded) – bearing Company logo, lime green for safety
 - Hardhats – bearing Company logo
 - Safety glasses, clear
 - Safety glasses, shaded

CONFLICTS OF INTEREST

You should avoid external business, financial, or employment interests that conflict with Lafferty Electric Technologies' business interests or with your ability to perform your job duties. This applies to your possible relationships with any other employer, consultant, contractor, customer, or supplier.

Violations of this rule may lead to disciplinary action, up to and including termination.

CODE OF ETHICAL CONDUCT

In order to avoid any appearance of a conflict of interest, employees are expected to abide by the following code of ethical conduct. Please consult your supervisor or an official of Lafferty Electric Technologies if you have any questions.

Employees of Lafferty Electric Technologies should not solicit anything of value from any person or organization with whom the company has a current or potential business relationship.

Employees of Lafferty Electric Technologies should not accept any item of value from any party in exchange for or in connection with a business transaction between the company and that other party.

Employees may accept items of incidental value (generally, no more than \$25) from customers, suppliers, or others as long as the gift is not given in response to solicitation on your part and as long as it implies no exchange for business purposes. Items may include gifts, gratuities, food, drink and entertainment.

If you are faced with and are unsure how to handle a situation that you believe has the potential to violate this code of ethical conduct, notify your supervisor or the Company President.

Violations of this code may lead to disciplinary action, up to and including termination.

SOLICITATION AND DISTRIBUTION

For the safety, convenience, and protection of all employees, Lafferty Electric Technologies has adopted the following rules concerning solicitation and the distribution of materials:

- Lafferty Electric Technologies prohibits solicitation and distribution of company and non-company materials on Company property or at Company jobsites at all times.

PERSONAL CALLS, VISITS, AND BUSINESS

Lafferty Electric Technologies expects the full attention of its employees while they are working. Although employees may occasionally have to take care of personal matters during the workday, employees should try to conduct such personal business either before or after the workday or during breaks or meal periods. Regardless of when any personal call is made, it should be kept short.

Employees should also limit incoming personal calls, visits, or personal transactions. A pattern of excessive personal phone calls, personal visits, and/or private business dealings is not acceptable and may lead to disciplinary action.

BUSINESS EXPENSES

Employees may occasionally incur expenses on behalf of Lafferty Electric Technologies. Lafferty Electric Technologies will reimburse employees for typical business expenses, and certain job-related supplies or materials. In order to be reimbursed for job-related supplies or materials, employees must fill out an Expense Report Form and include any/all receipts for the supplies or materials to the business office within 7 days of the purchase with submittals of time sheets weekly.

INSPECTION OF PERSONAL AND COMPANY PROPERTY

Lafferty Electric Technologies' employees use the property and equipment the company owns and provides, and may also use the company's materials, information, and other supplies. While employees may decorate their office workspaces with their personal possessions (such as pictures, plants, and the like), employees must remember that property supplied by Lafferty Electric Technologies remains the property of Lafferty Electric Technologies.

NETWORK AND ELECTRONIC RESOURCES POLICY

Network and Electronic Resources, such as computers, other hardware, software, e-mail, landline telephones, fax machines and internet access, are tools that Lafferty Electric Technologies provides its employees to assist them in their work. These Network and Electronic Resources and related access systems are proprietary Company property and subject to review or access by Lafferty Electric Technologies at any time.

All employees who use the Company's Network and Electronic Resources must follow the guidelines below:

1. Use Network and Electronic Resources for Company business purposes only.
2. Messages and communications sent via the Company's Network and Electronic Resources are subject to subpoena and access by persons outside the Company and may be used in legal proceedings. Please consider this before sending any confidential messages or material via the Network and Electronic Resources.
3. E-Mail is not a substitute for face-to-face communication. If you have a conflict with someone or need to discuss an important issue, it should be handled in person or over the telephone if a meeting is not possible.
4. Remember that all of Lafferty Electric Technologies' policies, including but not limited to policies on Equal Employment Opportunity, Harassment,

Confidentiality, Personal Conduct and Rules of Conduct, apply to the use of the Company's Network and Electronic Resources. Employees must not review or forward sexually explicit, profane or otherwise unprofessional or unlawful material through the Company's Network and Electronic Resources.

5. Passwords protecting the use of the Company's Network and Electronic Resources are Lafferty Electric Technologies' property. Employees must notify the Company President of all passwords and encryption keys assigned to or used by them, and must notify the Company President of any changes to such passwords or encryption keys.
6. Do not install any software or program on any Company computer or other hardware without the express consent of your supervisor or the Company President.
7. Lafferty Electric Technologies expressly prohibits the unauthorized use, installation, copying or distribution of copyrighted, trademarked or patented material.
8. Employees must not attempt to override or evade any program or measure installed by Lafferty Electric Technologies without consent to protect the security or limit the use of its Network and Electronic Resources.

Lafferty Electric Technologies retains the right to review all communications conducted and data saved, reviewed or accessed via the Company's Network and Electronic Resources, including Company computers, e-mail and internet access. Lafferty Electric Technologies does not permit its non-management employees to access or use any Company password, e-mail or internet access. Inappropriate use of Network and Electronic Resources may result in discipline, up to and including discharge. Employees should be careful to safeguard their passwords, log off their terminals when not in use and not permit others to access Company systems.

CONFIDENTIAL AND PROPRIETARY INFORMATION

Lafferty Electric Technologies considers its confidential and proprietary information, including the confidential and proprietary information of our customers, to be one of its most valuable assets. As a result, employees must carefully protect and must not disclose to any third party all confidential and proprietary information belonging to Lafferty Electric Technologies or its customers. Such protected information includes, but is not limited to, the following: matters of a technical nature, such as computer software, product sources, product research and designs; and matters of a business nature, such as customer lists, customer contact information, associate information, on-site program and support materials, candidate and recruit lists and information, personnel information, placement information, pricing lists, training programs, contracts, sales reports, financial data, systems, forms, methods, procedures, analyses, and any other proprietary information, whether communicated orally or in documentary, computerized or other tangible form, concerning Lafferty Electric Technologies' or its customers' operations and business.

Employees should ensure that any materials containing confidential or proprietary information are filed and/or locked up before leaving their work areas each day. During the workday, employees should not leave any sensitive information lying about or unguarded.

If you have any questions about this policy, consult your supervisor or the Company President.

RULES OF CONDUCT AND PROGRESSIVE DISCIPLINARY PROCEDURE

There are reasonable rules of conduct which must be followed in any organization to help a group of people work together effectively. The company expects each employee to present him/herself in a professional appearance and manner. If an employee is not considerate of others and does not observe reasonable work rules, disciplinary action will be taken.

Depending on the severity or frequency of the disciplinary problems, a verbal or written reprimand, suspension without pay, disciplinary probation, or discharge may be necessary. It is within Lafferty Electric Technologies' sole discretion to select the appropriate disciplinary action to be taken. Notwithstanding the availability of the various disciplinary options, Lafferty Electric Technologies reserves the right to discharge an employee at its discretion, with or without notice.

The following is not a complete list of offenses for which an employee may be subject to discipline, but it is illustrative of those offenses that may result in immediate discipline, up to and including dismissal, for a single offense:

1. Excessive absenteeism or tardiness.
2. Dishonesty, including falsification of Company-related documents, or misrepresentation of any fact.
3. Fighting, disorderly conduct, horseplay, or any other behavior which is dangerous or disruptive.
4. Possession of, consumption of, or being under the influence of alcoholic beverages while on Company or customer premises or on Company business.
5. Illegal manufacture, distribution, dispensation, sale, possession, or use of illegal drugs or non-prescribed controlled substances.
6. Reporting for work with illegal drugs or non-prescribed controlled substances in your body.
7. Possession of weapons, firearms, ammunition, explosives, or fireworks on Company or customer premises.
8. Failure to promptly report a workplace injury or accident involving any of Lafferty Electric Technologies' employees, clients, equipment, or property.
9. Willful neglect of safety practices, rules, and policies.
10. Speeding or reckless driving on Company business.
11. Commission of a crime, or other conduct which may damage the reputation of Lafferty Electric Technologies.

12. Excessive use of profane language while on Company business.
13. Stealing, misappropriating, or intentionally damaging property belonging to Lafferty Electric Technologies or its customers or employees.
14. Unauthorized use of Lafferty Electric Technologies' or its clients' name, logo, funds, equipment, vehicles, or property.
15. Insubordination, including failure to comply with any work assignments or instructions given by any Company supervisor with the authority to do so.
16. Violation of Lafferty Electric Technologies' Equal Employment Opportunity Policy or its Harassment Policy.
17. Interference with the work performance of other employees.
18. Failure to cooperate with an internal investigation, including, but not limited to, investigations of violations of these work rules.
19. Failure to maintain the confidentiality of trade secrets or other confidential information belonging to the Company or its customers.
20. Failure to comply with the personnel policies and rules of the Company.

RE-EMPLOYMENT

Former employees who are rehired and return to work more than three months after their termination will be rehired only as new employees. They will be considered new employees for any and all benefits. As a general rule, the company will not rehire former employees who:

- Were dismissed by Lafferty Electric Technologies
- Resigned without giving two weeks' notice
- Were dismissed for inability to perform job duties
- Had a poor attendance record
- Had a below-average evaluation
- Violated work rules or safety rules

MOONLIGHTING

Lafferty Electric Technologies will not permit any employee to take an outside job with a company in the same or related business as the company, or which is in any way a competitor of the company while employed with Lafferty Electric Technologies.

Employees are not permitted to work for any client of Lafferty Electric Technologies outside of the regular working hours as described above, without the express approval of the Company President or his designated representative.

BENEFITS

LEAVES OF ABSENCE

Personal Leave

Lafferty Electric Technologies may, at its discretion, grant an employee a leave of absence without pay when sufficient personal reasons necessitate such a leave. However, employees are not eligible for a personal leave of absence until they have been continuously employed as full-time employees for a period of one (1) year.

Lafferty Electric Technologies may require an employee to provide documentation, such as a doctor's certification of illness or disability, supporting the employee's need for a leave of absence, and Lafferty Electric Technologies may periodically require the employee to provide such supporting documentation on basis during the leave of absence. Prior to or upon an employee's return to work from a leave of absence, Lafferty Electric Technologies may also require the employee to provide documentation establishing the employee's ability to return to work.

Lafferty Electric Technologies reserves the right to determine the duration of the leave of absence, but no leave of absence shall exceed twelve (12) weeks as per the Family Medical Leave Act. If an employee fails to return to work immediately after his or her leave of absence expires, the employee will be considered to have voluntarily resigned his or her position with the company.

Leaves of absence will be without pay except that employees may be required to use any accrued paid time off during a leave, if applicable.

Because operations sometimes require that vacant positions be filled, a leave of absence does not guarantee that the job will be available when the employee returns from a leave. Lafferty Electric Technologies will, however, make an effort to place you in your previous position or a comparable job which you are qualified to perform.

Bereavement Leave

Lafferty Electric Technologies will provide up to three (3) days of paid bereavement leave for an employee upon the death of an immediate family member in state; five (5) days for out of state. For purposes of this policy, "immediate family" is defined as the employee's or the employee's spouse's parents, siblings, children, grandparents, grandchildren, the employee's spouse, or any other relative who resides in the employee's household.

Employees should direct all requests for Bereavement Leave to their supervisors or to the Company President.

While on Bereavement Leave, an employee will be paid at straight time for the hours the employee was scheduled to work on the days missed.

Jury Leave

Employees who are called for jury duty will be granted time off with pay to perform this civic duty. Employees must notify their supervisors as soon as they learn they have been summoned as a juror so that work arrangements can be made. In order to be paid for Jury Leave, an employee must provide his or her supervisor with the jury summons and a note from the Clerk of the Court indicating the times the employee was in court for jury duty. Lafferty Electric

Technologies will pay employees straight time for their regularly scheduled hours of work, minus the compensation they received from the court for their service as jurors, for up to five (5) days of jury service. An employee who is excused from jury duty prior to the end of a regularly scheduled workday must report for work for the remainder of that day, or otherwise notify his or her supervisor of his or her availability to work.

Military Leave

Lafferty Electric Technologies will grant employees called into military service an unpaid leave of absence and reemployment rights as provided by the laws of the United States. Employees may use accrued paid time off, if applicable during a military leave of absence, but are not required to do so.
